Sir:

This is a summary of the telephonic interview held between applicant's attorney, Marc E. Brown and Examiner Monplaisir Hamilton on April 8, 2004.

Claims 1, 4-8, and 11-22 were discussed.

The examiner agreed that the amendments to Claim 1 overcame the rejection that had been applied. The examiner also agreed that the rejection of the remaining

claims would also be overcome if they were also amended to include a limitation comparable to the "govern the conduct of a clinical trial and . . . manage data" limitation that was added to Claim 1.

The examiner advised that a Request for Continued Examination application would be required in order to have the amendment entered. At such time, the examiner indicated that he would conduct a supplemental search and that he would allow all of the amended claims if no more pertinent art surfaced during the supplemental search.
